

**Do you want to help create  
innovative solutions to the  
Sustainable Development Goals  
this summer in Greenland? We are  
looking for young talents from the  
Nordics and Arctic!**

If you are between 18-35 years old and passionate about innovation and the SDGs, you can now apply to the upcoming UNLEASH Innovation Lab taking place from August 20-27 in Nuuk, Greenland! The Lab will gather 200 young talents from the Nordic-Arctic region to develop innovative solutions to the most challenging sustainability challenges in the region.
