Teaching experience

Local Government: Administration, management and operation, Public finance, applied economics, environmental and resource economics, principle of macroeconomics, principle of microeconomics, International economics, the competitiveness of nations. (see detailed list)

below)

Language-skills

Icelandic, Norwegian and English.

Computer Skills

STATA, Eviews, and R and much earlier SPSS, Shazam, AMPL, GeoDa.

Field of interest

Primary fields: Urban and regional economics along with transportation economics.

Secondary fields: Environmental and resource economics

Teaching

Course title (time) institution, my contribution, teaching language, undergraduate/graduate, presentation, evaluation

Local Government: Administration, management and operation (Spring 2021) University of Akureyri, Icelandic 50%, A graduate course, final exam. (10 ects)

Resource- and Environmental Economics (Spring 2021) University of Akureyri, Icelandic 40%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2020) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2020) University of Akureyri, Icelandic 40%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2019) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2019) University of Akureyri, Icelandic 40%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2018) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2018) University of Akureyri, Icelandic 40%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2017) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2017) University of Akureyri, Icelandic 40%, Undergraduate course, final exam. (6 ects)

Microeconomics (Spring 2016) University of Akureyri, Icelandic 25%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2016) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2016) University of Akureyri, Icelandic 25%, Undergraduate course, final exam. (6 ects)

Microeconomics (Spring 2015) University of Akureyri, Icelandic 25%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2015) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2015) University of Akureyri, Icelandic 25%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2014) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Spring 2014) University of Akureyri, Icelandic 20%, Undergraduate course, final exam. (6 ects)

Resource- and Environmental Economics (Fall 2013) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Resource- and Environmental Economics (Fall 2012) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 2 projects og final exam. (4 ects)

Spatial Economics (Fall 2011) University of Akureyri, 100%, Icelandic, graduate course, handleitt námskeið, Projects. (10 ects)

Microeconomics (Fall 2011) Agricultural University of Iceland, Icelandic 100%, Undergraduate course, 3 projects og final exam. (6 ects)

School Economics (Spring 2011) University of Akureyri, 16,5%, Icelandic, graduate course, staðnám, Projects. (10 ects)

School Economics (Spring 2010) University of Akureyri, 16,5%, Icelandic, graduate course, staðnám, Projects. (10 ects)

School Economics (Spring 2009) University of Akureyri, 8,3%, Icelandic, graduate course, staðnám, Projects. (10 ects)

Economics (Spring 2009) University of Akureyri, 50%, Icelandic, graduate course, staðnám, 4 projects og final exam.

Methodology - Econometrics (Fall 2009) University of Akureyri, 50%, Icelandic, graduate, traditional learning, 4 assignments and final exam.

Microeconomics (Spring 2008) University of Akureyri, 50%, Icelandic, graduate, traditional learning, 4 assignments and final exam.

Methodology - Econometrics (Fall 2008) University of Akureyri, 50%, Icelandic, graduate, traditional learning, 4 assignments and final exam.

Public Finance (Spring 2008) Bifröst University, 100%, English, third year undergraduate, traditional learning, 10 assignments and final exam.

Applied Economics (Spring 2007) Bifröst University, 100%, Icelandic, third year undergraduate, traditional learning, 10 assignments and final exam.

Resource Economics Spring 2006) Agricultural University of Iceland, 14%, Icelandic, third year undergraduate, traditional learning, final exam.

Resource Economics (Fall 2006) Agricultural University of Iceland, 29%, Icelandic, third year

undergraduate, traditional learning, final exam, 2e.

Resource Economics (Spring 2005) Agricultural University of Iceland, 50%, Icelandic, third year undergraduate, traditional learning, final exam.

Framleiðslustjórnun (Spring 2005) Bifröst University, 10%, Icelandic, undergraduate, traditional learning, 10 assignments and final exam.

Spatial Economics (Spring 2005) Bifröst University, 100%, Icelandic, graduate , handleitt námskeið, 1 large assignment.

Macroeconomics and haglýsing (Spring 2004) Agricultural University of Iceland, 100%, Icelandic, third year undergraduate, traditional learning, 1 assignment and final exam.

Applied Economics (Fall 2004) Bifröst University, 100%, Icelandic, third year undergraduate, traditional learning, 3 assignments and final exam.

Applied Economics (Fall 2003) Bifröst University, 100%, Icelandic, third year undergraduate, traditional learning, 3 assignments and final exam.

Resource Economics (Fall 2003) Agricultural University of Iceland, 50%, Icelandic, third year undergraduate, traditional learning, 1 assignment and final exam.

Macroeconomics (Spring 2002) Agricultural University of Iceland, 100%, Icelandic, third year undergraduate, traditional learning, 1 assignment and final exam.

Macroeconomics (Fall 2002) Agricultural University of Iceland, 100%, Icelandic, third year undergraduate, traditional learning, 1 assignment and final exam.

Applied Economics (Fall 2002) Bifröst University, 100%, Icelandic, third year undergraduate, traditional learning, 3 assignment and final exam.

Resource Economics (Fall 2002) Agricultural University of Iceland, 50%, Icelandic, third year undergraduate, traditional learning, 1 assignment and final exam.

Farming Management (Fall 2001) Agricultural University of Iceland, 100%, Icelandic, preparatory course, traditional learning, 3 assignments and final exam.

Managment and Accounting (Fall 2001) Agricultural University of Iceland, 60%, Icelandic, preparatory course, traditional learning, 4 assignments and final exam.

Competitiveness of Icelandic Nation (Spring 2001) Bifröst University, 100%, English, third year undergraduate, traditional learning, 3 assignments and final exam.

Quantitative Methods (Spring 2001) Bifröst University, 100%, Icelandic, third year undergraduate, distance learning, 3 assignment and final exam.

Quantitative Methods (Fall 2000) Bifröst University, 100%, Icelandic, third year undergraduate, traditional learning, 3 assignments and final exam.

Competitiveness of the Icelandic Nation(Spring 2000) Bifröst University, 100%, Icelandic, third year undergraduate, distance learning, 3 assignments and final exam.

Competitiveness of the Icelandic Nation(Fall 1999) Bifröst University, 100%, Icelandic, third year undergraduate, traditional learning, 3 assignments and final exam.

Applied Economics (Spring 1999) Bifröst University, 100%, Icelandic, undergraduate, traditional learning, 10 assignment and final exam.

Macroeconomics (Spring 1999) Bifröst University, 100%, Icelandic, preparatory course, traditional learning, 13 assignments and final exam.

Managerial Accounting (Spring 1998) Bifröst University, 30%, Icelandic, undergraduate, traditional learning, 10 assignments and final exam.

International Economics (Fall 1998) Bifröst University, 50%, Icelandic, undergraduate, traditional learning, 10 assignments and final exam.

Microeconomics (Fall 1998) Bifröst University, 100%, Icelandic, preparatory course, traditional learning, 13 assignments and final exam.

Production Economics (Spring 1998) Agricultural University of Iceland, 50%, Icelandic, undergraduate, traditional learning, 2 assignments and final exam.

Macroeconomics (Spring 1998) Bifröst University, 100%, Icelandic, preparatory course, traditional learning, 13 assignments and final exam.

Investment (Fall 1997) Bifröst University, 80%, Icelandic, undergraduate, traditional learning, 10 assignments and final exam.

Microeconomics (Fall 1997) Bifröst University, 100%, Icelandic, preparatory course, traditional learning, 13 assignments and final exam.

Macroeconomics (Spring 1997) Bifröst University, 100%, Icelandic, preparatory course, traditional learning, 13 assignments and final exam.

Information Technology (Fall 1996) Bifröst University, 80%, Icelandic, undergraduate, traditional learning, 10 assignments and final exam.
